ALSO AVAILABLE IN ITALIAN THIN

Once upon a time,

in the land of Hot Springs, there was not a very good pizza to be found, so Papa Rod and Mama Rod opened Rod's Pizza Cellar on July 4th, 1975.

Soon the villagers came to love Rod's Pizza Cellar, and they asked why it was so good. Papa Rod told them about using only real cheese and slicing it at the cellar so he could be sure of its quality and freshness. The sauces are cooked in small batches, he explained because Mama Rod said to and because Papa Rod knew it would make it taste better. The dough he pointed out, is made every day at the Cellar because pre-made dough or frozen dough may have strange ingredients that Papa Rod would not want to serve the villagers.

Soon the people wanted pasta too, so all the pasta dishes were added and made with same care and good ingredients that make the pizza so yummy.

Now after many years, Rod's Pizza Cellar serves all the people of the land pizza, pasta, sandwiches and salads so that they may live happily ever after!
